over Dave Turner. Perniciaro led the votes in all nine of the boxes, beating Turner 1,039 to 321.

Though unopposed in the election, incumbent beat five supervisor James N. Travirca received 1,203 votes from the largest beat in the county. Travirca's campaign throughout the race emphasized his first term record in office.

Terrell Randolph won the Hancock County Superintendent of Education race defeating Ezell Lee by 589 votes. Randolph claimed 1,928 votes to 1,339 for Lee.

The newly elected superintendent won 23 of the 28 boxes. Lee showed leads in Caesar 1, 117 to 85; Caesar 2, 75 to 48; South Bay 2, two to zero; Crane Creek 1, 100 to 79; and Crane Creek 2, 80 to 73.

Sheriff Sylvan Ladner won an unprecedented fourth term coasting to an easy victory over challenger Chester J. Favre. With 6,844 votes cast in the race, Ladner garnered 5,804 to Favre's 1,040. Ladner held solid leads in all 48 boxes winning over 80 percent of the vote.

Ladner was first elected to the office in 1956 and returned in 1964 and again in 1972.

## Bay student reported

Patricia Moore, 16, has been missing since Tuesday, it was verified Wednesday by the Waveland Police Department.

Miss Moore is a student at Bay Senior High.

According to the girl's mother, Mrs. Lorraine Moore, it is believed that Patricia picked up two hitchhikers on U. S. Highway 90. At the time she was driving a 1973 Gran Torino, dark blue with a black vinyl top.

Anyone having information on Miss Moore is to contact the Waveland Police Department at 467-3669.

## Physician's body found under bridge

The body of retired Bay St. Louis physician Dr. A. F. Brock, 73, was discovered early Tuesday morning lying under the Bayou Lacroix bridge on Highway 603 where he had apparently shot himself through the mouth with a .38 revolver.

Dr. Brock's body was discovered around 6:30 a.m. Tuesday by three

fishermen whose names have not been released.

Hancock County Sheriff Sylvan Ladner said Brock was wearing a pajama shirt and pants under a pair of khaki trousers.

According to a report from the daughter of the deceased, Brock had been "despondent" and had left his

home on Old Kiln Road about 5:30 a.m. Tuesday morning.

The body was taken to Riemann-Fahy Funeral Home and later transferred to Mothe Funeral Home in New Orleans for services.

He is survived by his wife and daughter.

Malley won the beat three constable race over Howard R. Ladner. Ladner failed to win any of the beat's 10 boxes, although collecting 339 votes to 119 for Malley.

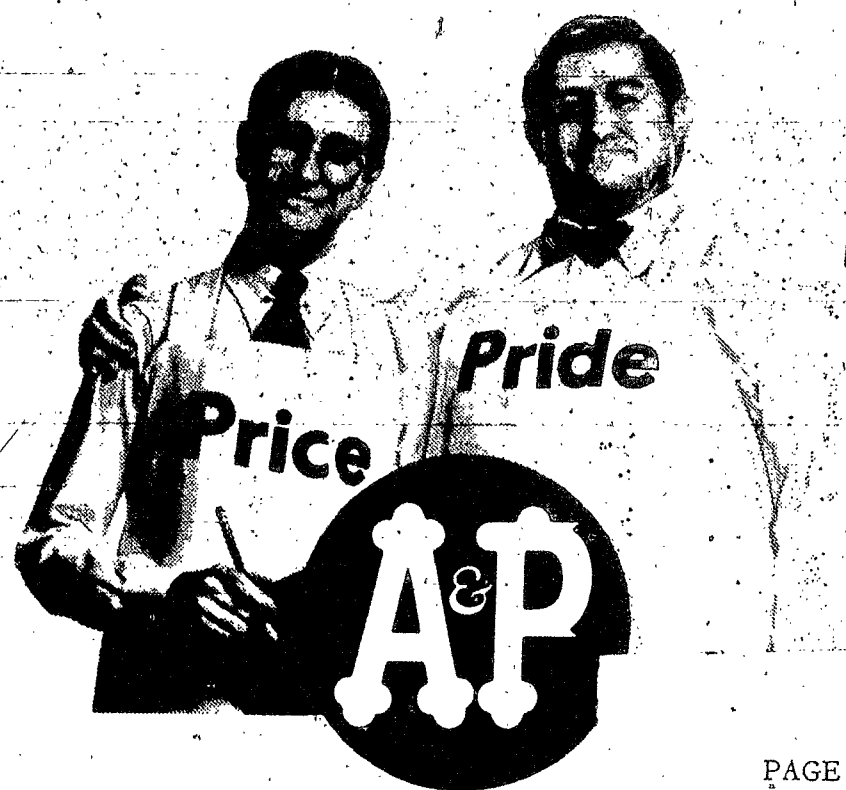

A. C. Carver won handily in the beat four constable contest over opponents Thomas Bergeron and Joseph B. Downey. Carver maintained solid leads in all of the boxes capturing 978 votes to 179 for Downey and 117 for Bergeron.

Incumbent beat five constable Willie E. Carbonette swept to easy victory over Warren L. Bourgeois, defeating his opponent by 796 votes. Totals in that

Darryl Giveans

Story and Photos by Neville R. Jacob

"Mommy"  
by Wendy

Wendy, 6, a Grade One student at Charles B. Murphy Elementary School, is Darryl's small sister. We have extended the cast to preserve the peace.

Starting with snakes, bats, and sharks, when he was just seven years old, Darryl Giveans, 10, recalls that the first thing he really drew was a boat. Son of Mr. and Mrs. Wayne Giveans of Pine Garden Subdivision, Pearlington, Darryl said this week that he still leans towards boats though he now favors reptiles, and fish. Often out "on the boats" with his grandfather, Isadore Giveans, the young artist is an ardent fisherman and outdoors enthusiast.

Darryl, who catches snakes by the score, has a pet alligator, and is an adept inventor. One of his more recent inventions is a bicycle with front forks going in both directions, the back being determined from the front solely by the size of the wheels and the location of the complicated drive mechanism.

Asked this week what he liked best about school, he attends Charles B. Murphy Elementary School, Pearlington. Darryl-the-fisherman-cum-hunter-cum-inventor-cum-artist, said he, "...liked the way his teacher teaches."

Claiming no clear cut favorite subject, the elementary scholar said "health" is his number one choice, though not by a very wide margin.

Adding yet another interest to his list, the "All American Pearlingtonian" is also an accomplished motorcycle rider, and has "blazed many a trail" through the wooded areas surrounding his country residence.

Perhaps Darryl's most amazing feat to date is his ability to expound on fishing stories. One concerns a 365-pound shark that was landed on some very technical sounding rig. Another concerns his doubt of any intermingling of local fishes in salt or fresh water. Both sound very fishy.

To further his All-American image, Darryl this week announced he intends to try out for football, baseball, and basketball.

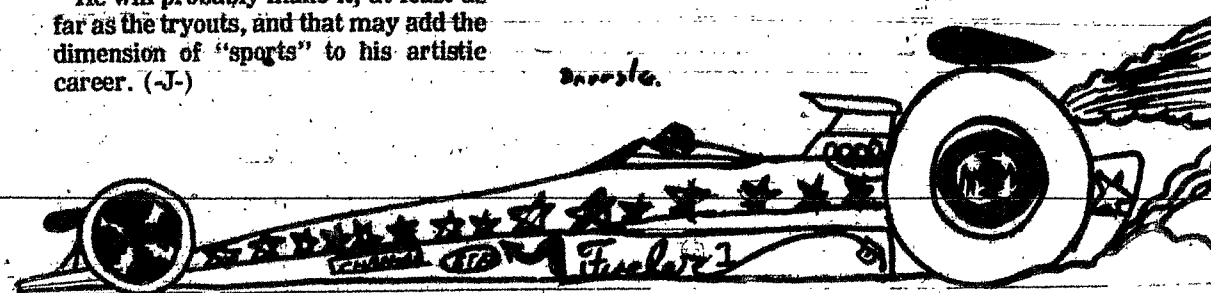

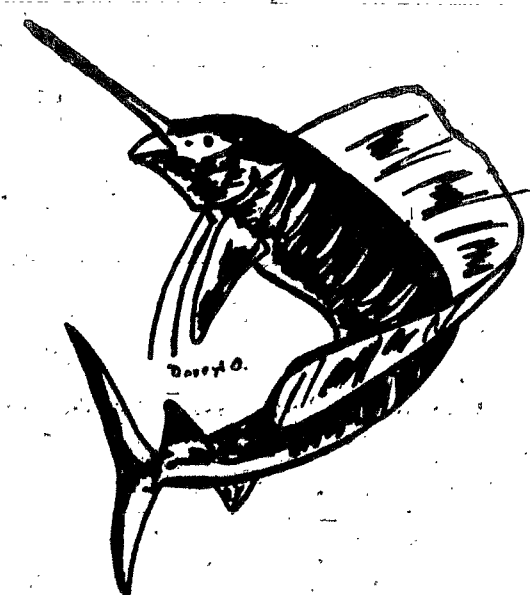

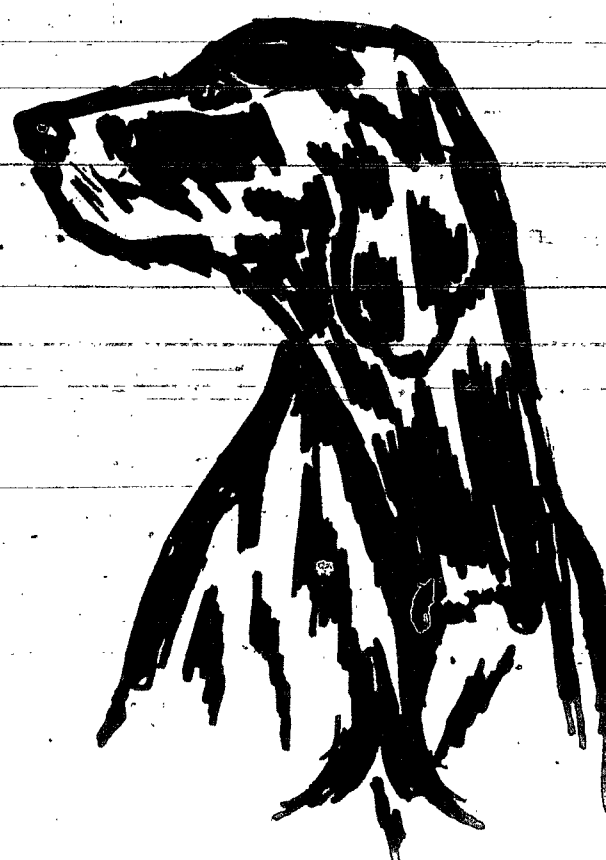

He will probably make it, at least as far as the tryouts, and that may add the dimension of "sports" to his artistic career. (J.)

by - Pullet Suprise

My name is still Jose (pronounced Hozey) and I am still looking for a permanent writer for this column - because my English she is not so good.

With the change of identity at N.A.S.A.'s Mississippi Test Facility (now National Space Technology Laboratories) in Hancock County, some of our former rocket engineering types were re-allocated to new activities. One such was assigned to handle the expansion of recreational activities at the site, for the benefit of the newly settling agencies. His first task, in the new assignment, was to construct a miniature golf course.

"But," spluttered the indignant rocket type of the GS whatever in charge of new projects, "I am an electrical engineer." "Alright, already," the GSW-i-c responded, "Put lights on it."

We have been told that the reason the mails are so slow is that the Russians have broken the Zip Code.

If you will excuse this sequel, the increases in postal rates, and the promises of greater hikes to come, clearly prove that the postman wrings more than twice.

Pass Christian Isles Golf Course is considering a new sign to say, "If you've got the blues, try our greens."

Remember now, Save your your Dixie Cups. The South may rise again!

Remember kids, there is no rainbow at the end of pot.

## Contest No. 1

"Well, where/what is it?"

"Well, where-what is it?" will portray a different, well known area scene, or article, location or item for each contest. Each will be presented in disguised photographic form, with the complete description being provided upon completion of each contest. Clues, in the form of poetic verse, will be given, with additional lines being added each week the contest location or item remains unsolved.

Well, "where-what is it?" got off to a flying start with a good number of entries being received. Unfortunately, though several got very close, none quite hit the mark. Clue Number 2 has been added; and to make it fair, a few rule changes have been implemented. To those who have entered, all we can say is try again. To those who haven't, the second clue should put you in firm contention. All mail received was opened on Thursday (Oct. 30). Next mail opening will be on Thursday, Nov. 6.

Best of luck!

## Jokes of start in Bay

### "The Hancock Hilton" recalled by portraitist

"I worked in Jackson, Mississippi, when Capitol and State streets were gravel roads."

Born in 1918, Hugh Flinn, now of Bay St. Louis, is becoming well known not only for his tales of early Mississippi, but more importantly, for his fine portraits.

Frequently in earlier years Gulf National Bank, U.S. 90, Bay St. Louis, his portrait gallery, the quality of composition and style that is also evident in Flinn's still life paintings.

Other career and organizations to stage the exhibits and to realize the important contribution being made by Flinn works, include the Gulfport Library and the Gulf Coast Art Association with displays in the Bilgewater Room, and the Magnolia Hall, Bilge.

"The 'Hancock Hilton' is an interesting to the method of his arrival in Bay St. Louis, and the original reason for his continued tenure.

Transporting the Southern states from Florida to New Orleans some years back Flinn was enjoying the trip when, finding the arrangement exceeded his capability to continue along the then newly paved surface of U.S. 90, he pulled, more or less, to the side of the road for a few minutes.

Locals, however, seeing that all was not as represented, due primarily to the odd angle adopted by the parked vehicle, invited Flinn to spend a few days as their guest in our local locale.

During this temporary adjustment from public life, Flinn sketched a series of cartoons. These, portraying the "Hancock Hilton" scenario, played around the premises and some, in particular one entitled the Hancock Hilton, were published in the Sea Coast Echo.

The deputy to George of days ago still, saying that Flinn's misadventure was really accidental, invitation to consider making Bay St. Louis his permanent address on the basis of, "A really is a good little town."

"I was just about to be a being in this job," the cartoonist said, laughing, "because our best customers have been here."

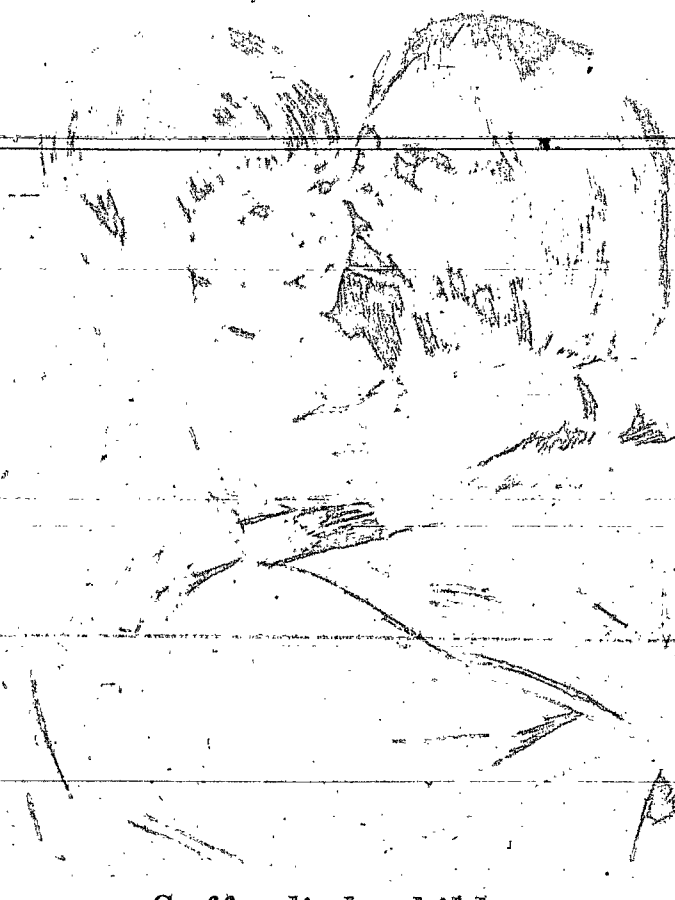

Kevin - Flinn '75

Flinn took counsel and stayed. Later, as he became more acquainted with "some of our best citizens," he realized the turkey spoke not with forked tongue.

His first job in the Bay was the lettering of a truck door and from there on in, he stayed busy.

Following his school days at "Old Central High" in Jackson, Flinn worked for the Saenger Opera Theatres, painting signs. "Best first time he also gained an insight into the characters of our state. As an example, he still talks fondly of an old 'local' who, sold newspapers on a street corner. "Problem was," Flinn recalls, "fellow thought he was chairman of the board of the street corner, and his directing of traffic and handling the rail switches caused no end of problems to the folks trying to get home."

Lakeshore vote carries Courrege.

## Ladner loses beat one seat

By CAROLE LANGE

Lakeshore voters apparently suffered a change of heart following two August primaries and switched allegiance Tuesday from incumbent beat one supervisor Jerry Ladner to 34-year-old independent Bert Courrege giving Courrege the margin of votes necessary to carry him over Ladner for the Beat One seat. The unofficial tabulations showed Courrege with 808 votes followed by Ladner with 680.

Ladner, who was making his first bid for reelection, had earlier survived an Aug. 22 runoff with first primary leader Harlan Dean carrying six of the nine Beat One boxes. Ladner carried only three of the nine boxes Tuesday, however, maintaining his support in Clermont Harbor and two Arlington boxes, but losing support in Ansley as well as the Lakeshore boxes.

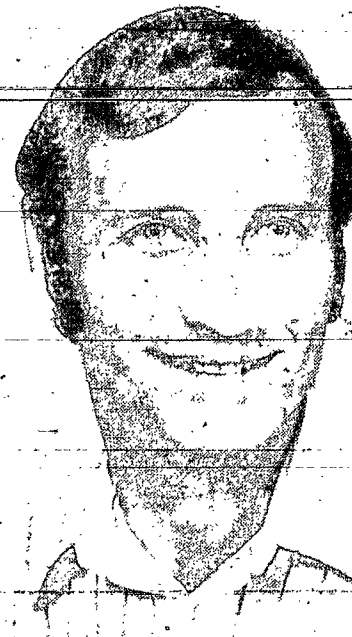

Ladner was closely trailing Courrege by 52 votes until the two Lakeshore boxes (the last two boxes to arrive at the courthouse) came in and Courrege jumped ahead. Ironically, Ladner carried Lakeshore voters by a good margin in the Aug. 5 primary race against former beat one supervisor Harlan Dean, then again by a slight six vote lead in the second primary runoff, also against Dean.

Vote count observers waited until 1:30 a.m. Wednesday morning before the Lakeshore boxes came in. Of the nine boxes in beat one, Ladner outdistanced Courrege by 31 votes, 14 votes, and 32 votes in Clermont Harbor, Arlington 1 and Arlington 2, respectively.

In the six boxes that he carried, Courrege led Ladner by 18 votes in Ansley; 44 votes in Pearllington 1, 41 votes in Pearllington 2, 28 votes in Pearllington 3; 44 votes in Lakeshore 1; and 32 votes in Lakeshore 2.

In the Aug. 5 primary, Dean nudged Ladner by 51 votes but failed to win the necessary majority. The tide turned in the Aug. 22 runoff when Dean lost his bid to unseat Ladner by 82 votes. In that race, he failed to gain two Arlington boxes which cost him the election.

Courrege, a Tennessee Gas Pipeline Co. repairman from Ansley, qualified to run as an independent in the race a

week before the Sept. 25 deadline. His newspaper advertising campaign has emphasized his education, business

experience, civic activities, and platform which centered on getting beat one out of debt.

Incumbent Beat Two Supervisor and board president Dolph Kellar soundly defeated challengers H. Lee Ferrell and Bea Georgi, capturing 854 of the total 1,281 votes cast. Ferrell received 391 votes and Georgi ran a poor third with 36 votes.

Of the eight boxes in beat two, Kellar carried Caesar 1, Caesar 2, Flat Top, and Bayou Phillip by wide margins. The closest vote occurred in the Waveland 3 box where Kellar won by one vote. Ferrell led the voting in the three remaining Waveland boxes and Georgi failed to gain more than 10 votes in any of the boxes.

Another incumbent, beat three supervisor Oscar Peterson, polled 1,094 votes to regain his office with little opposition. The closest challenger was Douglas James Necaise with 455 votes. The second challenger, Samuel Bodie Jordan, had 50 votes.

Crane Creek 1 proved to have the closest count, with Peterson getting 83 votes to Necaise's 82. Peterson solidly outpolled his opponents in the remaining nine boxes in the beat.

Sam Perniciaro won the beat four supervisor's race in a clear cut victory

over Dave Turner. Perniciaro led the votes in all nine of the boxes, beating Turner 1,039 to 321.

Though unopposed in the election, incumbent beat five supervisor James N. Travirca received 1,203 votes from the largest beat in the county. Travirca's campaign throughout the race emphasized his first term record in office.

Terrell Randolph won the Hancock County Superintendent of Education race defeating Ezell Lee by 589 votes. Randolph claimed 1,928 votes to 1,339 for Lee.

The newly elected superintendent won 23 of the 28 boxes. Lee showed leads in Caesar 1, 117 to 85; Caesar 2, 75 to 48; South Bay 2, two to zero; Crane Creek 1, 100 to 79; and Crane Creek 2, 40 to 73.

Sheriff Sylvan Ladner won an unprecedented fourth term coasting to an easy victory over challenger Chester J. Favre. With 6,044 votes cast in the race, Ladner garnered 5,804 to Favre's 1,040. Ladner held solid leads in all 46 boxes winning over 80 percent of the vote.

Ladner was first elected to the office in 1956 and returned in 1964 and again in 1972.

## Finch captures Governor's seat

With only 46 precincts left to report late Wednesday, Democrat Cliff Finch was leading Republican Gil Carmichael by 46,000 votes in the state's gubernatorial race.

Finch had 355,349 votes followed by Carmichael with 309,238 and Independent Henry Jay Kirksey with 18,079.

Hancock County voters supported the "working man's candidate" and cast 3,951 votes for Finch. Carmichael received 2,894 and Kirksey trailed with 62.

In the Lieutenant Governor's race, Insurance Commissioner Evelyn Gandy won decisively over Republican contender Bill Patrick, mayor of Laurel. Miss Gandy polled 435,074 votes and Patrick got 191,632. In Hancock

County, Miss Gandy won 5,487 votes to Patrick's 1,299.

Incumbent Heber Ladner will serve another term as Secretary of State, having defeated Republican opponent Toxey Hall Smith, Jr. of Wiggins 369,010 to 203,705.

Democrat Ed Pittman clearly outdistanced Republican Gray Jackson to win the office of State Treasurer by more than 75,000 votes. Totals in that race were Pittman, 472,219 and Jackson, 96,772.

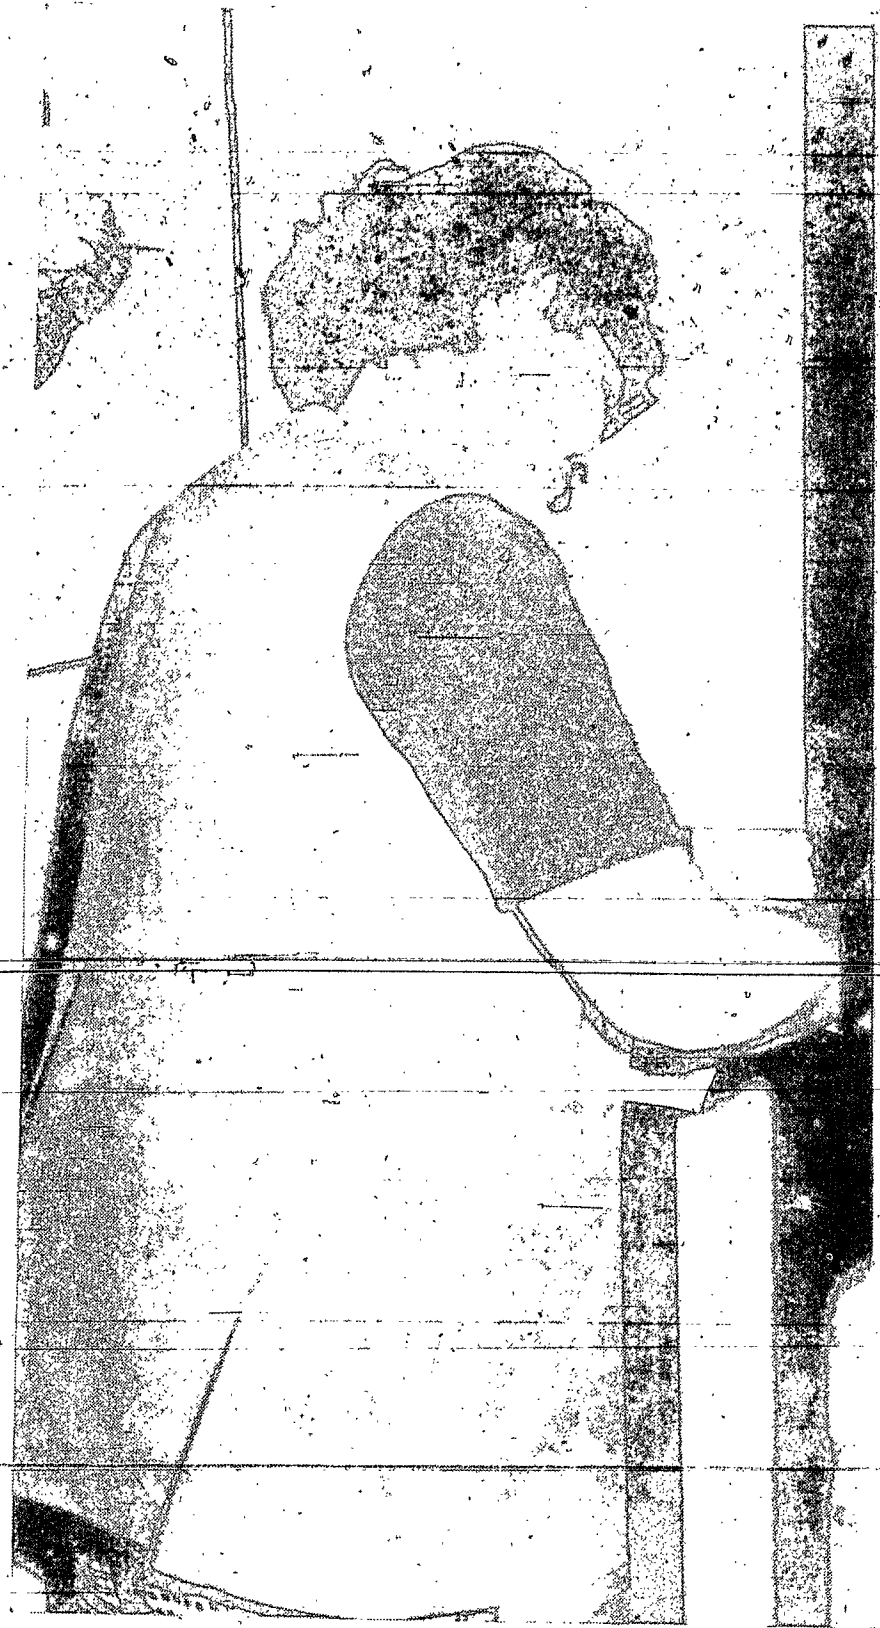

Republican candidate Jack Amos was defeated in his bid to unseat incumbent Auditor of Public Accounts Hamp King. King collected 428,002 votes to Amos' 106,473.

Charles E. Holladay, of Tupelo, will be the state's new Superintendent of

Public Education replacing the retiring Garvin E. Johnston. Holladay, opposed by independent C. J. Duckworth, had 450,330 votes to 186,473 for Duckworth.

In the Commissioner of Insurance race, George Dale, former assistant to Gov. Bill Waller, won a huge victory over Republican challenger Herbert B. McGuffee, Jr. and Independent contender Conner Delano Fulton. Totals in that race were Dale, 430,521; McGuffee, 64,206; and Fulton, 27,465.

Democrat John E. Ainsworth led the balloting for State Land Commissioner with 389,726 votes. Republican Jerry E. Baker finished second with 70,387 and Independent Tom Marshall was third with 45,893. Others in the race were Mrs. Roy W. "Lizzie" Miller, 19,648 and R. O. "Babe" Brasfield, 9,963.

## County delays school board after \$125,000 loan request

The Hancock County Board of Supervisors took under advisement a formal request for a "short term loan" of \$125,000 presented at Monday's meeting by K. G. McCarty, Hancock County superintendent of education.

McCarty said the bulk of the loan (\$53,000) would be used to finance construction of much needed restrooms and dressing rooms for the Gulfview Elementary School gymnasium. The second major portion of the loan, (\$44,000) McCarty said, would be used to pay for four portable classrooms already in use at Hancock North Central School. The balance of nearly \$25,000 would be used for sewerage repairs and other needed work within the county school system.

Board attorney Sam Favre questioned the latter part of the resolution advising the school board to resubmit a more specific breakdown of expenditures.

Favre said the loan would have to be repaid within five years and added that it would require a two mill levy. Such a resolution would have to be advertised, Favre said, so that taxpayers in the district could voice their opinion on a millage increase.

In other board business, supervisors agreed to sponsor a shelter home for boys 14-16 years old who are regarded as neglected and without supervision.

Michael Haas, juvenile court referee, told the board that he had been advised by the Department of Youth Services in Jackson that Mississippi has received a \$200,000 federal grant for the maintenance of eight shelter homes, adding that Bay St. Louis was chosen to submit a formal application for one of the eight homes available in the state.

Haas said the Law Enforcement Assistance Administration (LEAA) had agreed to channel \$25,000 in funds into the project with the remaining \$3,000 to be provided by Gulfview Methodist Assembly. He said the site for the home, approved by the LEAA, is in Waveland on property belonging to the

church group. Noting that the juvenile court operates Harbor House, a similar shelter home for girls in Bay St. Louis, the board authorized Haas to make the formal application.

In other business, the board gave Coast Electric Power Association authority to install an underground power line to provide electricity in McLeod Park and granted approval to Wilson Webre director, Hancock County Port and Harbor Commission to install two 10,000 gallon storage tanks for turbo jet fuel at Stennis International Airport.

## Bay student reported missing

Patricia Moore, 15, of Waveland, has been missing since Tuesday, it was verified Wednesday by the Waveland Police Department.

Miss Moore is a student at Bay Senior High.

According to the girl's mother, Mrs. Lorraine Moore, it is believed that Patricia picked up two hitchhikers on U. S. Highway 90. At the time she was driving a 1973 Gran Torino, dark blue with a black vinyl top.

Anyone having information on Miss Moore is to contact the Waveland Police Department at 487-3959.

## Physician's body found under bridge

The body of retired Bay St. Louis physician Dr. A. F. Brock, 73, was discovered early Tuesday morning lying under the Bayou Lacroix bridge on Highway 603 where he had apparently shot himself through the mouth with a .38 revolver.

Dr. Brock's body was discovered around 6:30 a.m. Tuesday by three

fishermen whose names have not been released.

Hancock County Sheriff Sylvan Ladner said Brock was wearing a pajama shirt and pants under a pair of khaki trousers.

According to a report from the daughter of the deceased, Brock had been "despondent" and had left his

home on Old Kiln Road about 5:30 a.m. Tuesday morning.

The body was taken to Riemann-Fahey Funeral Home and later transferred to Mothe Funeral Home in New Orleans for services.

He is survived by his wife and daughter.

With an 859 vote lead, Phillip W. Malley won the beat three constable race over Howard R. Ladner. Ladner failed to win any of the beat's 10 boxes, although collecting 339 votes to 1194 for Malley.

A. C. Carver won handily in the beat four constable contest over opponents Thomas Bergeron and Joseph B. Downey. Carver maintained solid leads in all of the boxes capturing 578 votes to 179 for Downey and 117 for Bergeron.

Incumbent beat five constable Willie E. Carbonette swept to easy victory over Warren L. Bourgeois, defeating his opponent by 796 votes. Totals in that

BILL FRISBIE

Lee Buckley Klein, Horatio Frierson, Jr. and Joe Dobson were uncontested for justice of the peace in beats one, two, and four, respectively.

Peter Joseph Noto collected 820 votes to win the beat two constable race by 285 votes over closest opponent Kenny Ray Ladner. A third candidate, McCormick Wheeler gathered 50 votes.

Opponents were Carbonette, 1,013 and Bourgeois, 217.

Marlin J. "Shorty" Necaise was unopposed for constable in beat two.

## Commission expects no challenges

The Hancock County Election Commission will meet in the office of Circuit Court Clerk Henry Otis at 7:30 p.m., Thursday. State Law requires the commission meet two days after an election.

No challenges to Tuesday's count are expected. Roll count is open in clerk's office for viewing.

## NAACP president urges local involvement

The role of the organization within the community will be the topic of the next meeting of the Hancock County Chapter of the National Association for the Advancement of Colored People (NAACP) to be held Nov. 24 at the 100 Men's Club on Union Street in Bay St. Louis.

Principal item of business will be the election of officers for the 1976 operational year.

Presently serving are Albert Fairconnetue, president; Rev. Julius Williams, vice president; Miss Clementine Williams, secretary; and Rev. Borgia Aubespain, treasurer.

Fairconnetue said Monday that several state officials had been invited to the meeting as guest speakers, and that names of prospective attendees would be announced upon their acceptance of the invitations.

Fairconnetue said that the group's main purpose is to help the poor people of the county to derive the benefits to which they were legally entitled.

"We are not concerned with a person's color or race," the

president said, adding, "we have both black and white in the 200 membership of the Hancock Chapter of the NAACP."

"We are concerned only in helping people and our various programs are geared to that end," he said.

Fairconnetue said that the full objectives of the NAACP local chapter are to improve the political, educational, social and economic status of minority groups; to eliminate racial prejudice; to keep the public aware of the adverse affects of racial discrimination; and to take all lawful action to secure its elimination, consistent with the efforts of the national organization.

## GCRL biologist presents paper in Europe

Professor Otto Kume, director of the Biologische Anstalt Helgoland, West Germany, one of the three largest marine biological laboratories in the world, has invited Dr. A. Venkataramiah of the GCRL Research Laboratory, to review a paper for a new publication.

Dr. Venkataramiah has returned to the Laboratory in Ocean Springs after an absence of five weeks, during which he visited Dr. Kume. While in Europe, Dr. Venkataramiah gave a paper entitled "The significance of salinity, temperature and feeding rates in penaeid shrimp," at the 10th European Symposium on Marine Biology, September 17-23, in

Ostend, Belgium. The paper was co-authored by Drs. Venkataramiah, G.J. Leisner and Gordon Genter of the Laboratory.

As head of the GCRL Physiology Section, Venkataramiah and his associates conduct experiments on penaeid shrimp under controlled conditions in the laboratory and have developed data useful to mariculture.

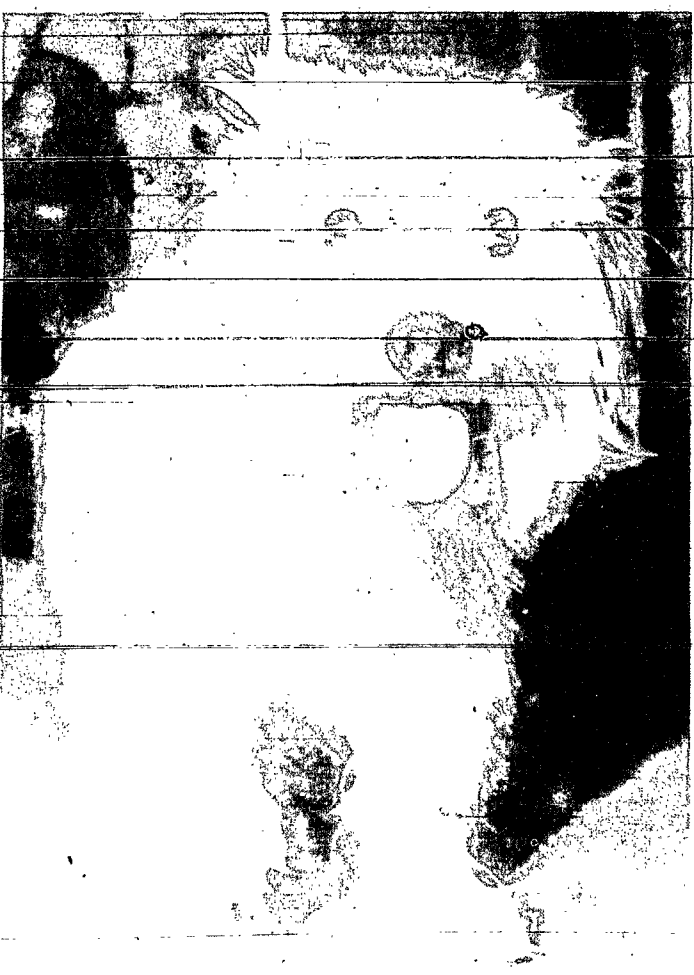

Several marine researchers at the symposium expressed interest in the recently patented shrimp food pellets developed by the Physiology Section. Laboratory animals are usually fed pieces of fish or shrimp.

The paper which Venkataramiah will review is entitled "Crustacean mariculture" and was written by Dr. Kume for inclusion in one of the five volumes he is compiling and editing, "Marine Biology," Vol. III, part 2. These volumes are a comprehensive, integrated treatise on life in oceans and coastal waters.

Following his stay in Europe, Venkataramiah went to India, where he is originally from, for a vacation and

## Veteran's service office/Chester Curvey

# VA benefits reviewed in misconduct cases

Veterans regulations concerning misconduct ratings have been liberalized a number of times down through the years. Cases have been found in which service connection was denied 30 or 40 years ago, and have now been reopened under the revised, liberalized regulations. In many cases VA Rating Boards have determined that the residuals of venereal disease can be service connected, thus making these veterans eligible for compensation and other benefits.

Organic diseases and disabilities which are a secondary result of the chronic use of alcohol as a beverage, whether out of compulsion or otherwise will not be considered of willful misconduct origin.

The chronic use of drugs which causes diseases and disabilities and infections coinciding with the injections of these drugs, will not be considered of misconduct origin. Where drug addiction results from the therapeutic use of drugs in treating a service connected disability, this will not be considered misconduct and would probably be rated as service connected. All veterans should consider reopening their claims for compensation.

Widows whose husbands

died of a disability, which under the present regulations would be classified as service connected but in the past were classified as misconduct, should give serious consideration to reopening their claim for a service-connected death and compensation.

**QUALIFICATIONS FOR PENSION**—At age 65 no evidence of disability is required; at age 60, disabilities of 50 percent, with one or more disabilities is required; at age 55, disabilities of 60 percent, with one or more disabilities is required; under 55 years of age disabilities of 100 percent are required and unemployment. One disability must be ratable at 60 percent or more, or a combined rating of 70 percent with one disability rated at 40 percent or more.

Unemployability may be conceded if it is determined that the veteran is unable to secure and hold a job because of his disabilities.

**MARGINAL EMPLOYMENT** such as, on own farm, in own business, at odd jobs at less than half the usual hours of work or less than the usual pay, will be taken into consideration in determining whether a person is unemployable. In many cases there are jobs available where the pay is too low to attract the able bodied and which can be filled by older and disabled

persons, such as a watchman's job. Even though this job would be full time, due to the pay, this type of employment meets the requirements for Marginal employment. Income received from this source must be reported but the veteran will have a net gain even though the pension is reduced.

## Poppys go on sale Saturday

Ladies of the Waveland American Legion Post 77 Auxiliary will be selling poppies this Saturday, Nov. 8, according to Mrs. Billy Snider, Poppy Day chairman. A proclamation designating Saturday as Poppy Day was signed last week by Mayor John Longo.

Money from the sale will go to aid living veterans and their families, said Mrs. Snider.

"The contributions received as the result of the poppy sale are utilized solely for veteran's families in need and in the rehabilitation of disabled veterans," Mrs. Snider added.

The sale of the poppies will precede by three days the annual observance of Armistice Day, Nov. 11.

Stands will be manned at all major Bay-Waveland shopping centers and districts by junior Auxiliary girls, according to Mrs. Snider.

## Christmas Seal sale begins

"Early response to the 1975 Christmas Seal Campaign is most encouraging," according to Mrs. O. Duke, chairman, Hancock County Chapter of the Mississippi Lung Association.

Mrs. Duke said Christmas seals were mailed earlier this year so that contributors would receive the special seals in plenty of time for the holiday use.

"It is never too early or too late to contribute to the life and breath-saving programs of medical education and research, patient services, and public information designed to improve respiratory health of Mississippians," Mrs. Duke said.

For additional Christmas seals, contact E. Skelton, Bay St. Louis publicity chairman, or the Miss. Lung Association, P. O. Box 9665, Jackson, MS 39206.

## Election is over, now's clean-up time

Over the last several months the state of Mississippi, and particularly Hancock County, has experienced an election.

We acknowledge that elections are like growing. Each growth stage is accompanied by pain, anguish, and triumph (though not always in that sequence). Now presumably, the state has grown about as tall as it will get for the next four years.

For the purpose of this rhetoric the growth pattern of Hancock County is not important. What is important is that, like the state, the growth pattern is completed.

Now supposedly, comes the aftermath of an election, the process of new government.

But, that is subject for another day.

During the process of governmental evolution, the county has been exposed to an unending barrage of verbiage concerning the superior qualities of each candidate. This verbiage, multiplied by the number of offices and candidates, has not only appeared in accepted media, but also, in shorter but no less emphatic form, on billboards (professional and home made), posters, hand bills, cards, and - we suspect - sites suitable for graphic graffiti.

Further, our misfortunes during the seemingly never ending campaign after campaign have, in addition to our exposure to this wealth of propaganda, included the visions of seeing our favorite tree or copse reduced to the role of a poster perch; our neighborhood thoroughfares converted into thousands of feet of leering billboard - all proclaiming what will be done for us if we vote for so and so, when so and so has already lost our vote by presuming his printed slogans bettered natural beauty; our already overladen ditches stocked to the gunnels with a jumble of torn cards, wormy, second grade, broken lumber, besmirched facial likenesses and, an over abundance of all shapes, sizes, colors, and creeds of candidate cards.

The only joy from this deluge of whatever was that it covered the political boards remaining from the previous set of campaign frolics.

After the 1971 caper however, the laws on pollution were not as stringent or understood. By and large we knew there existed the means of enforcement under some ancient litter laws but, facing the power of the elected with such uncertainty may have seemed unwise to many, although the target practice applied against lingering posters, of both victor- and vanquished, would lend much food for diagnosis to psychiatrists on convention.

In the "now" time of 1975, with the firm rulings of the Environmental Protection Agency concerning all types of pollution, adequate legislation and enforcement methods exist to combat any malingering situation.

Of course, we jest!

We are presently of the belief that it is the intention of all candidates to strip the county of defunct posters, signs, cards, banners, flyers, sample ballots, or any other voting edicts without undue delay.

After all, the identity of culprits for any class action would be all too obvious. (-J-)

## "News From Your Mansion"

By Cora Waller

As I write this I am exhausted but happy - Girl Scout Day has just ended and was a tremendous success.

More than 2,000 girls from all over the state came to visit the Mansion and enjoy other Jackson attractions such as the old and new capitols, natural wildlife museum and the zoo.

The VIP list grew this week with a visit by Corrie Ten Boom, author of "The Hiding Place," which has now been made into a movie. I had the pleasure of seeing the preview of the movie and hearing Miss Boom speak at the Coliseum. It was a real treat to have her visit the Mansion for coffee.

Another statewide group visited the Mansion for a reception and tour this week. The State Library Association was in town for a convention, and their event brought several hundred visitors from across the state.

The Mississippi Geological Society had a large tour group one day, and the golfers in town for the Mississippi

Seniors Golf Association tournament also took time off to tour their Mansion.

We can't say often enough how pleased we are to have school groups tour the Mansion. The responsibility for keeping it in its present condition will be theirs and we want them to see it now and realize it is something to be proud of and to preserve. Do remember, though, that tours should be scheduled in advance so we can have volunteers ready to lead your group.

During the past week I visited three of our lovely cities over the state for autograph parties for the Pictorial History of the Mansion. We have been pleased with the response of the public to this "first ever" history, and it was a treat to visit with folks in Petal, Laurel and Tupelo.

People think, with just over two months left, that things are slowing down for us, but I think you can see that they just get busier ever week!

### Bicentennial

#### News

By JOE PILET

On the 4th of July in the year 1826 Thomas Jefferson, third president of the United States and author of the Declaration of Independence, died at his beloved Monticello. During this bicentennial year many people plan a visit to Charlottesville, Virginia in order to visit Jefferson's home, the gardens which have been so authentically restored, and the grave site.

The house, a classic example of American architecture, has 35 rooms and is a three story structure. It is now owned by the Thomas Jefferson Memorial Foundation. It purchased the property, now consisting of 1600 acres of land, from the Levy family who had owned it for over 75 years.

The Jefferson title to the Monticello estate dates from a grant in 1735 of a thousand acres to Peter Jefferson. The title passed to Thomas Jefferson after the death of his father. Jefferson's home and plantation, unusual and unique, shows a remarkable ability in planning. An area was leveled on top of a mountain 837 feet above sea level. To make all parts of this mountain accessible, Jefferson caused "roundabouts," or levels to be connected by oblique roads. Leveling on the hilltop started in 1768. The main house was not completed until after 1800 because of numerous changes and alterations.

Jefferson was 65 years old when he retired from the presidency and went to Monticello to enjoy varied interests including music, architecture, religion, philosophy, law and education. He found the time to experiment with new crops, new farming techniques and to plan and cultivate flower and herb gardens. Of the presidency he wrote: "Never did a prisoner released from his chains feel such relief as I shall on shaking off the shackles of power."

Among Jefferson's papers were found drawings and plans of his gardens. During the years 1829 and 1840 the gardens on the east and west lawns were restored. The plants for each bed are listed in his garden and farm books.

Furnishings within Monticello are well worth a visit to Virginia and include a seven-day clock in the entrance hall - and the folding ladder used to wind the clock! There is a coffee urn designed by Jefferson, a dumb waiter which brought wine from the cellar, a revolving door with shelves, an octagonal filing table, a quarter stand, and a pianoforte. Just to mention a few of the treasures. There is also a replica of the desk on which the Declaration of Independence was written.

The only way you could get this many people to agree again on what program to watch would be if we only had one station again. This 9 1/2 inch television screen continued to amaze drop-pers-in at Hazel and Emmett Demoran's business on Railroad Ave. in Bay St. Louis. The date was Dec. 18, 1948 and we recognize quite a few faces in the crowd. To name a few: Mr. and Mrs. Henry O. Dwyer, Mrs. Bob Robertson, George Anderson, Bill Witter, Terry Scaffidi, Owen Heitzman, and Hardin Shattuck. Picture submitted by Mrs. Emmett Demoran, 217 Union Street, B.S.L.

## Washington Report

By: Rep. Trent Lott

### SHY? NEVER!

The 94th Congress will be remembered for many things, but it will never be known as an inactive Congress.

Confused on many issues, yes. Fiercely divided on others. Perhaps even dead wrong on many.

But shy and slow to demand a recorded vote? Never!

Take, for example, the sheer number of roll call votes during the first 10 months of this session: 600. And we still have another six weeks or so before we break for Christmas.

Members of the House of Representatives have responded to 203 recorded votes, 155 quorum calls, 237 yea-nay votes through October 8. For the record, this Congressman has maintained an overall voting record of 91.5 percent, including 94.7 percent on recorded votes.

If you're interested in comparing the 1975 version of Congress with its predecessors in 1955 and 1965, consider these sobering statistics:

The total number of yea-nay votes (House and Senate) in 1955 was 161. It went to 400 in 1965. Through October 29 of this year, we had run up a total of 725!

That's quite a jump. And it's even more astounding when you remember that the House has taken 50 days in recesses so far this year. The House, on the other hand, took only eight days in 1955 and NONE in 1965.

Those statistics are just for starters. They don't tell you that Congress adjourned August 2 in 1955, October 23 in 1965, probably December 19 in 1975.

Nor do they tell you that federal outlays have jumped from \$48 billion in 1955 to \$118 billion in 1965 and to a whopping \$324 billion in 1975.

Now, I'm not about to jump out there and praise this Congress for its work with a \$324 billion budget. That kind of bloated budget is hardly anything to brag about.

Still, it should give you an idea of the enormous growth the federal government has experienced in the last 20

years. It should also give you an idea of the work-load associated with such a legislative schedule.

Last week was probably a typical week in the House. We considered 11 separate pieces of legislation, not counting conference reports or the dozens of amendments offered with those bills.

We covered such subjects as the right to representation during questioning for federal employees, national

productivity and quality of working life, a temporary debt ceiling increase, Postal Reorganization Act Amendments, and Health Maintenance Organizations.

Those were just the bills on the floor. Some 40 committees and subcommittees were meeting during that same week working on a wide range of additional bills and hearings, most of which will eventually reach floor for final action.

I've never been accused of

being too complimentary of Congress. In fact, I'm often quite critical of the laws we pass and the incredible amounts of money we manage to spend.

And I might even agree with the wag who thinks that the best thing Congress can do for the country sometimes is to leave town.

Still, the 94th Congress should be remembered as a busy Congress - if nothing else.

## LET'S HEAR IT FOR AMERICA

July 4th, 1976 will be the 200th anniversary of these United States, and we need an official slogan for the Bicentennial. Today, more than ever, America needs a rallying cry, an expression of faith in our great land.

SLOGANS, USA is a search to find this theme. It's an effort to get all Americans thinking constructively about our country. You may be the author of the official Bicentennial theme.

The winner will receive a new station wagon and be the guest of one of the leading hotel chains for a 30-day tour of the United States, all expenses paid.

This could be the most significant and meaningful activity of the Bicentennial, creating the rallying cry for our great nation's birthday. So, send us your slogan and write a page in the history of the United States.

experienced the thrill of clear sight without the help of New Eyes for the Needy.

## Poster child has 'work' motivation

When seven-year-old Michelle Gilmore was informed that she had been selected as Mississippi's March of Dimes poster child this year by the state office of The National Foundation-March of Dimes, she was overjoyed, because, as she put it: "Good! I've got a job. I can go to work every day!"

Not quite, Michelle. Even though Michelle is excited about helping the March of Dimes in its annual fund drive for its continuing fight against birth defects, her responsibilities as a second-grader at Rankin Academy at Star will require her presence in the classroom.

Michelle was born with spina bifida (open spine), and she has already, in her short life, undergone 13 major operations. But she is a fighter, and she weighs in at 41 pounds - her 40-inch height confined to a wheelchair and braces.

Her parents, Mr. and Mrs. Frank Gilmore, of Plantation Shores, near Star and Florence in Rankin County, describe Michelle as a young lady who "has a sweet disposition" and also "a mind of her own," but they confess that Michelle may be a bit spoiled, "because we have over 100 people helping us spoil her."

They refer to the 115 students of Westminster College, a two-year junior college and four-year bible college at Florence, where Frank is the business manager and where Mrs. Gilmore, the former Patsy Bryant, is chairman of the music department. Since they are in the field of education, they are interested in Michelle's achievements in the classroom.

"We told her we'd give her a puppy when she learned to write her numbers," Michelle's father recalled. "She said she wanted a white one - and a small one so he wouldn't always be knocking her down. So we got her a toy poodle that she could hold in her hand. She named him Snuffy. They provide each other with lots of company."

The day Michelle was interviewed, she had just come from a pep rally at Rankin Academy, and she was bubbling with enthusiasm. She gave her parents a quick review of the football cheers she had learned at the rally, and then she scooted off in her wheelchair to join some friends at play in the recreation room at Westminster. She let the interviewer know that she is ready "to go to the office and work" on behalf of the March of Dimes whenever she is needed.

Her high motivation to "work" might well be a result of observing the dedication of her parents to Westminster, where they not only perform their respective assignments throughout the week but also travel, on some weekends, to tell the story of the school.

"We are dedicated to providing young people with a Christ-centered education," said Frank Gilmore, "and our

choral groups are one of the strongest appeals in these recruiting trips. Last year we went to Texas, Florida, Tennessee and Georgia, and we're going to Alabama this weekend.

Their duties, however, have not prevented them from giving Michelle all the love she needs, including standing by her through ten operations at the Children's Hospital of the University of Alabama and since they moved to Mississippi, three more operations at the University of Mississippi Medical Center in Jackson.

The Gilmores are from Alabama (Frank from Oxford and Patsy from Jacksonville, both near Anniston). He worked for 16 years for the Calhoun Tobacco Company at Anniston as business manager, and she graduated from Jacksonville University and taught music in that area. She attracted national at-

## New eyes for needy gives sight to thousands

When started more than 40 years ago, it was an operation that could have, and in fact did, fit in a shoebox. Now, supported by a dedicated and efficient corps of volunteers, it gives the gift of sight to many thousands of poor people around the globe every year.

It's a non-profit, non-sectarian organization which has donated countless dollars worth of eye care through the years, but has never solicited any money from the public. And despite the fact that its finances are almost totally dependent upon discarded eyeglasses, broken jewelry and metal scrap, "New Eyes for the Needy" is alive and well and constantly growing at its headquarters in Short Hills, New Jersey.

New Eyes was founded during the depression year of 1932 by Mrs. Arthur Terry, a volunteer at a Red Cross food depot in New York City. While working there, Mrs. Terry realized that many applicants had eyesight so bad they could not form their signatures without help. So she rounded up old eyeglasses from friends and put them in a shoebox on her desk for the poor to try on. That is how New Eyes was

born and its work since then has been truly fantastic.

Last year, more than 1,113,967 pairs of glasses were donated to New Eyes. Volunteers, mostly housewives, test and sort the glasses, with distribution following to medical missions throughout the world. The metal scrap is melted down and the money from the reclamation is used to establish funds at 85 hospitals in 32 states.

The volunteers aren't too selective about the form a donation sometimes takes. Among some of the gifts the organization has gladly accepted (and turned into cash) are a silver picture frame and a 1902 sewing machine.

All sorts of people help New Eyes, too. One man on the West Coast, a diabetic amputee who is rapidly losing his sight, has established a collection center for New Eyes at his home. Then, there is the Minnesota man who for many years has printed and distributed his "Gramps' Newsletter" for the sole purpose of spreading news about New Eyes.

But the backbone of the operation is the marvelous

corps of volunteers, drawn almost entirely from the Short Hills area. Still their efforts would be fruitless without continued public support. The "shoebox" will always have

room for more glasses, discarded jewelry and old silverware. Please send donations to New Eyes for the Needy, Inc., Short Hills, New Jersey 07078.

## Governor's weekly roundup

### OFFICE OF EDUCATION AND TRAINING ANNOUNCES MULTI-MEDIA PRESENTATION

Mississippi's economy is recovering from its low point last spring, according to the R&D Center's recently released issue of R&D Economic Comment.

The State's pattern of recession and recovery now compares closely with that of the U.S. economy, after the gains Mississippi has registered in recent years. Unemployment in both Mississippi and the nation reached its peak in May and, although still high, shows a downward trend. Other economic indicators, such as retail sales, show slight but definite signs of recovery.

The growing confidence in the State's economic future is reflected in a graphic analysis presented in the R&D Economic Comment. The recently released third quarter report for fiscal 1976 notes a dramatic 11.2 percent gain in the real gross national product, after a second quarter gain of a scanty 1.9 percent. The five preceding quarters registered a decline.

Rae Sanders, Bureau of Outdoor Recreation Director in the State Park Commission, has been elected Vice President of the National Association of State Outdoor Recreation Liaison Officers.

Governor Waller commended Sanders for his selection to the post. "This election illustrates the confidence and respect the nation's recreation leaders have in the professionalism of Mississippi's park system," he said.

The Governor added, "I want to personally thank Mr. Sanders for the achievement he has made toward improving outdoor recreation opportunities in our State."

Governor Waller's Office of Education and Training, in cooperation with the Mississippi Committee for the Handicapped, has announced a series of meetings around the State to show the Multi-Media Presentation from the Governor's Conference on Education II - CHILDREN FIRST.

Dr. Milton Baxter, Director of the Governor's Office of Education and Training said that, "The objective of this program is to provide an open forum in which citizens in a community will have an opportunity to learn more about children and their development in Mississippi and ways in which their opportunities might be more abundant and of a higher quality."

Dr. Baxter continued, "Since children cannot speak for themselves, one of the basic purposes of this meeting will be to encourage all adults to be advocates on behalf of children."

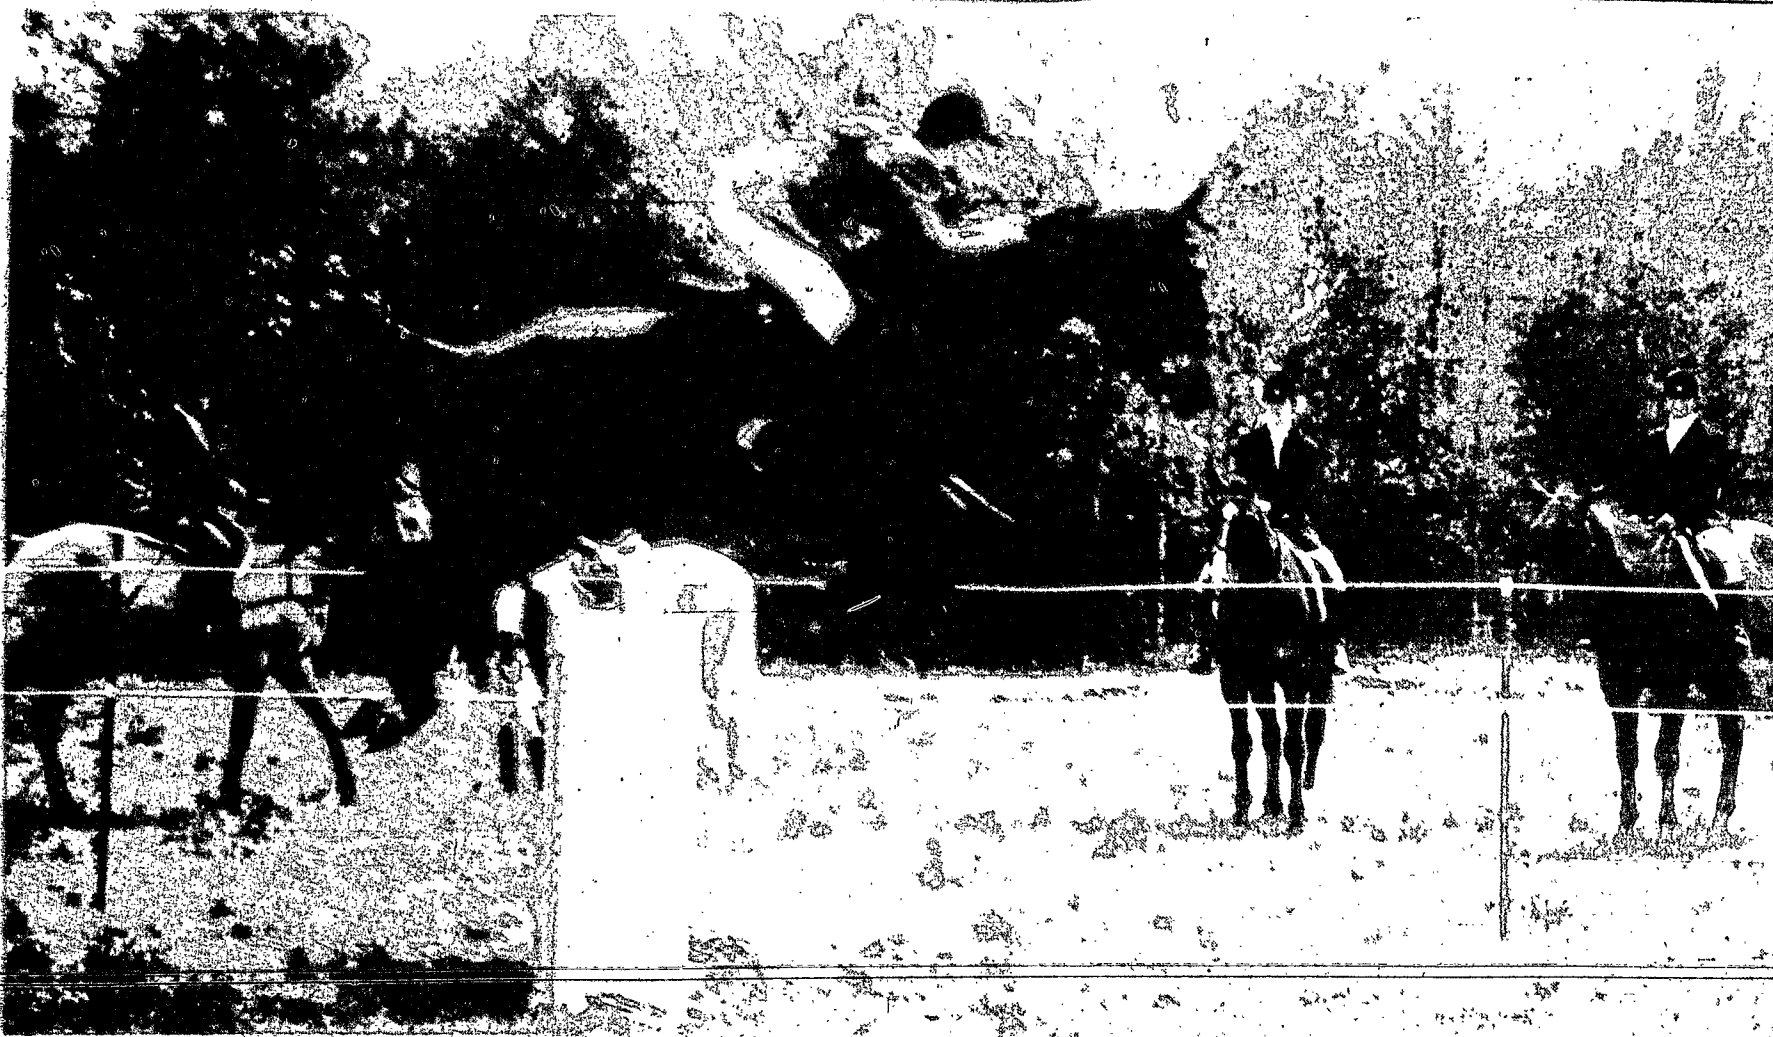

He said the presentation will include discussions concerning the status of children in Mississippi and programs which affect their quality of life.

#### LIVING HISTORY

Rising up in state splendor on a sparsely wooded 100-acre parcel of land along the banks of the Yazoo River near Greenwood, the Living Historical Plantation, an authentic reproduction of a typical large delta farm of the 1850's now under development by the Mississippi Park Commission, is moving swiftly toward completion.

Construction of the new state park was begun in January of this year, and park officials hope to have the interpretive facility in full operation by June 1978 to coincide with the state's 100th birthday. The facility is presently 90 percent complete.

For more information, contact Dr. Jim M. MacArthur, Mississippi Park Commission Executive Director. The completion of the Living Historical Plantation will play an instrumental role in our State's observance of the bicentennial celebration. The Mississippi Park Commission Executive Director said the opening of the Living Historical Plantation will be another example of continuing the

agency to expand its involvement in this national historical event."

The main objective of the Living Historical Plantation will be to interpret all aspects of a typical plantation operation during the 1850's. Authenticity will be the underlying key to the living historical interpretation.

**DISASTER PROJECT**  
Governor Bill Waller has announced that the State "Natural Disaster Preparedness Plans and Programs Project" has officially begun operations.

A spokesman for the Governor said, "This is a major step to provide for the

welfare and safety of all Mississippians. Plans are to be developed at the state and local level to lessen the impact of natural disasters and to insure speedy and orderly recovery."

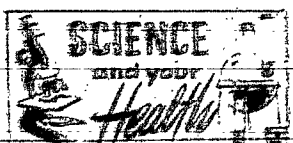

The project, to be funded by the Federal Disaster Assistance Administration, will be coordinated at the state level by several agencies including the Mississippi Civil Defense Council.

**WALLER LAKE**  
Mississippi's newest state owned and operated fishing lake will be christened Lake Bill Waller at dedication ceremonies in Marion County on Saturday, November 8. Dedication ceremonies will take place during an all day "community get together" at the lake site on Hugh L. White Wildlife Management Area near Columbia.

Organized by Marion County citizens, activities are scheduled to begin at 10 a.m. and are open to the public.

Bill Waller Lake, constructed by the State Game and Fish Commission, will measure some 165 surface acres with a maximum depth of 31 feet when it reaches maximum elevation. Approximately 700 acres of watershed will be included.

When it opens to the public in June, 1977, Lake Waller will be the only fishing oriented lake within a 50 mile radius of Columbia, according to Marion County residents. Lake Columbia, another state operated lake on the Hugh White Management Area, focuses primarily on pleasure boating and other water sports, they said, and offers little to the south Mississippi fisherman.

**SCIENCE and your Health**  
Aspirin-Sensitive?  
Are you sensitive to aspirin? You may be, without even knowing it. After years of research, doctors have learned for sure that aspirin does produce unwanted side effects for some people under certain conditions.

"Persons with allergies or asthma, for example, are particularly prone to aspirin allergy," says Dr. John C. Meyer of Jackson, Louisiana, where extensive aspirin sensitivity studies are continuing.

You can probably take aspirin safely and effectively if you don't fall into one of these categories - (1) If you have a history of asthma, you may be sensitive to aspirin. (2) If you have a history of allergic rhinitis, you may be sensitive to aspirin. (3) If you have a history of peptic ulcers, you may be sensitive to aspirin. (4) If you have a history of bleeding disorders, you may be sensitive to aspirin. (5) If you have a history of kidney disease, you may be sensitive to aspirin. (6) If you have a history of liver disease, you may be sensitive to aspirin. (7) If you have a history of heart disease, you may be sensitive to aspirin. (8) If you have a history of diabetes, you may be sensitive to aspirin. (9) If you have a history of high blood pressure, you may be sensitive to aspirin. (10) If you have a history of any of these conditions, you should consult your doctor before taking aspirin.

#### WHAT IS A CREAM PUFF?

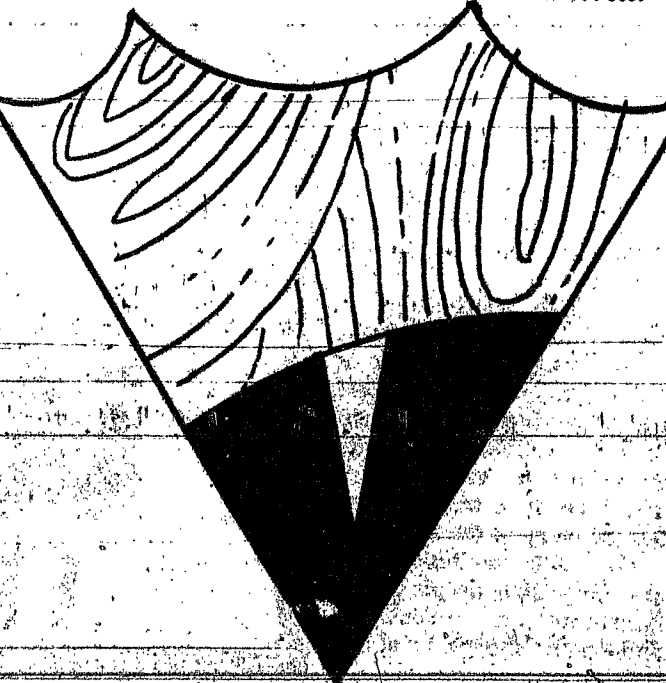

A cream puff is a select pre-owned low mileage automobile. Not the ordinary run of the mill variety you see on most lots today. It's handpicked, never witnessed a major accident, and an exceptionally clean outstanding automobile.

It is thoroughly inspected by our certified technicians using the most advanced diagnostic equipment. Then it is completely restored to like new condition by our beauty department. Result is a cream puff automobile we feel will be trouble-free and reliable. We guarantee our cream puffs for 12 months or 12,000 miles.

## Candlelight ceremony unites Thomas-Maurigi

Miss Cynthia Ann Thomas, daughter of Mr. and Mrs. A.M. Thomas Sr. of Bay St. Louis, Miss., and Manuel Joseph Maurigi, son of Mr. and Mrs. Manuel Salvador Maurigi, also of Bay St. Louis, were married at a candlelight ceremony Oct. 25 in Our Lady of the Gulf Catholic Church.

Rev. Michael Tracey, associate pastor, performed the double ring ceremony.

Mr. and Mrs. William Thomas Jr., uncle and aunt of the bride, and Mrs. Nelius Rhodes, aunt of the groom, participated in the offertory procession.

Brass urns and baskets of flowers in autumn colors and branched candelabra decorated the church.

Mrs. John McKenna, organist, accompanied Anthony Lolacano who sang Ave Maria, Sunrise, Sunset and More.

Given in marriage by her father, the bride wore an empire style gown of silk organza over peau de soie trimmed with Alencon lace appliques. The skirt fell into a short train. Her veil of illusion, bordered with matching lace, was held in place by a tiara of lace and pearls. She carried a cascade of miniature carnations, roses and bronze pompons centered with a white orchid corsage interspersed with white satin ribbons.

Miss Virginia Lee Thomas of Milwaukee, Wis., attended her sister as maid of honor; and Mrs. James Walmsley, San Antonio, Tex., was matron of honor. Bridesmaids were Mrs. A.M. Thomas Jr., and Mrs. Gary Thomas, both of New Orleans, sisters-in-law of the bride, and Mrs. Randy Adam, Bay St. Louis, sister of the groom.

They wore coral quiana empire style gowns fashioned with V-necklines and short cap sleeves; light grey wide brimmed hats trimmed with coral ribbon streamers completed their attire. They carried nosegays of miniature carnations and feathered chrysanthemums in autumn shades with touches of rust colored sea oats. The autumn effect was completed with a lighted candle in the center of the bouquet.

Joseph G. Rhodes of Gulfport, cousin of the groom, was best man. Groomsmen were August Thomas Jr. and Gary M. Thomas of New Orleans, brothers of the bride; Ross Maurigi, cousin of the groom; and Emile Schindler, both of Bay St. Louis. Robert Boudin, Bay St. Louis, served as usher.

A reception was held at Jordan River Shores.

Mrs. Thomas received guests wearing a pastel pink chiffon formal gown fashioned with flowing angel sleeves and rhinestone studded bodice complemented by a white orchid corsage.

The mother of the groom chose a princess line full length gown of gold metallic brocade with chantilly lace collar. A white orchid corsage completed her ensemble.

The bride's table, overlaid with a lace cloth, held a four-tiered wedding cake trimmed with coral spun sugar roses.

Greenery and silver candelabra completed the decorations.

Mrs. Tom Nunnally, cousin of the bride, cut the bride's cake and Mrs. Anthony Osso, aunt of the groom, cut the groom's cake. Miss Elizabeth Zelazek presided at the guest register.

For her traveling outfit the bride chose a Princess style evening dress of coral polyester with empire waist and softly gathered high neck and a long sleeve jacket.

The couple will reside on Old Spanish

Trail, Bay St. Louis.

Out of town guests included Mrs. Viva Smith, Mr. and Mrs. William Osbourn, Mr. and Mrs. Larry Proze and daughters, Mr. and Mrs. Wayne Thomas, Pam and Rob. Christopher Thomas, Mr. and Mrs. William Thomas Sr., Mr. and Mrs. William Thomas Jr., James Thomas, Mrs. Thomas Nunnally and daughter Jennifer, Mr. and Mrs. Wilbur Reuter, Mrs. T. F. Kirn Jr., Mr. and Mrs. T. F. Kirn IV, and Robert, Mr. and Mrs. Milton Ulmer Jr., Miss Lisa Eiserloh, Miss Joste Manca, Miss Bridgette Manca and Leonard Manca, all of New Orleans; Paul Whittman and David Whittman, Ocean Springs, Miss.; Mr. and Mrs. Anthony Osso, Cleveland, Ohio; Miss Elizabeth Zelazek, Milwaukee, Wis.; Mr. and Mrs. Raymond Ward, Gautier, Miss.; W. O. Townsend, Jackson, Miss.; Mrs. Robert George, Homestead, Fla.; Mr. and Mrs. Jerry Thomas, Ocean Springs; Mr. and Mrs. Daniel Edwards, Gulfport, Miss.; John Quong, Picayune, Miss.; Robert Lindsey, Hattiesburg, Miss.; Larry Peterson, Picayune, Miss.; and Mrs. Ginger Jones, Biloxi, Miss.

## Lucas-Mason engagement told

Mr. and Mrs. Robert B. Lucas of Waveland, Miss., announce the engagement and approaching marriage of their daughter, Debra Janice, to John C. Mason of Oklahoma City, Okla.

Mr. Mason is the son of the late Mr. and Mrs. Homer V. Mason, Oklahoma City, Okla.

Miss Lucas is the granddaughter of Robert Wilson and the late Mrs. Wilson of

Dundas, Ontario, Canada, and Mrs. Margaret Cox and the late Benjamin Lucas of Hamilton, Ontario, Canada.

Mr. Mason is the grandson of the late Mr. and Mrs. Mason of Marysville, Mo., and the late Mr. and Mrs. Hugh of Bedford, Iowa.

The wedding is planned for Nov. 29 at Christ Episcopal Church, Bay St. Louis.

Debra Janice Lucas  
ENGAGED TO JOHN MASON

Mr. and Mrs. Charles J. Ladner of Bay St. Louis announce the engagement and forthcoming marriage of their daughter, Janelle Marie, to Mr. Gary Francis Griffin, son of Dr. and Mrs. John L. Griffin also of Bay St. Louis.

The bride-elect is a graduate of Bay Senior High School and Pearl River Jr. College. She presently attends the University of Southern Mississippi and will receive a B. S. degree in Special Education in February.

Miss Ladner is the granddaughter of Mr. Charles A. Ladner, and the late Mrs. Ladner of Bay St. Louis, and Mrs. Gladys Mouldous and the late Mr. Alexander

Mouldous of Clermont Harbor. She is the great-granddaughter of Mrs. Octavia Ladner of Bay St. Louis.

The prospective groom is a graduate of St. Stanislaus High School, Pearl River Jr. College, and the University of Southern Miss. He is employed with the Bay St. Louis Public School System.

Mr. Griffin is the grandson of Mrs. John E. Griffin and the late Mr. Griffin of Bay St. Louis and the late Mr. and Mrs. Pigford, Sr. of New Orleans, La.

The wedding will be solemnized at Our Lady of the Gulf Catholic Church, Saturday, December 20 at 7 p.m.

### LADIES AUXILIARY 5931

The Ladies Auxiliary to VFW Post 5931 held a reception in the Post home, Sunday, Oct. 26, honoring Mrs. Philomena Necaise of DeLisle, on her 90th birthday. Mrs. Necaise is a Gold Star Mother. She lost her son, James C. Necaise during World War II, in Europe.

Upon her arrival "Aunt Phil" was presented a Buddy Poppy corsage by Norma Bonney, auxiliary president. Commander Earl Holley presented her with a bouquet of American Beauty roses. Decorations were the traditional red, white and blue. On either side of the honorees chair, stood potted palms with large red, white and blue bows. On the punch table were silver candelabra with red, white and blue candles and a crystal punch bowl. The cake table held a large white cake decorated with red roses, a gold star and one small American flag. On either side were crystal candle holders with white candles. Two large Magnolia center-pieces enhanced the food table. White potted Mums were placed throughout the hall.

Many friends and relatives from Pass Christian, DeLisle and Pineville as well as out-of-town guests were on hand for this most special occasion. Mrs. Necaise is the mother of six children: Melvin Necaise, DeLisle; Melvin Necaise, Hobbs, New Mexico; Mrs. Grace N. Cunningham, deceased; James C. Necaise, deceased; Mrs. Mattie N. Mitchell, DeLisle; and Mrs. Lois N. Curtiss, Long Beach, Ms. She has 21 grandchildren and 27 great grandchildren. Fourteen grandchildren, 11 great grandchildren and three of her four children were on hand for the occasion.

During the afternoon's activities Mrs. Necaise was presented a "Money Tree" from the auxiliary. The jr. girl unit presented her with a special guest register engraved with her name.

"Welsh rabbit" began as a fancy phrase for melted cheese on crackers since the Welsh were too poor to have rabbit or any other game at their tables.

### CLERMONT HAND-CRAFTERS

Clermont Handcrafters met Monday afternoon in Gulf National Bank's civic room with Mrs. Maurice George, president, conducting the business session.

Mrs. J. C. Goodloe and Mrs. Kirkland Rheams were named chairmen for the club's cake and pie sale to be held Nov. 22 and Mrs. Irene Graff and Mrs. Eunice Murray were named chairmen for the club's annual Christmas luncheon Dec. 1.

A report on plans for the Christmas party for children at the Crippled Children Foundation in Kiln was given by Mrs. A. M. Thomas.

Mrs. William Mains, Sr. and Mrs. Irene Graff were appointed telephone committee chairmen for the coming year.

Following the business session Mrs. George conducted a workshop on making Christmas tree ornaments with aluminum cans.

Mrs. Robert Taconi, Viva Smith and Davis Caillier hosted the social hour.

### JUNIOR AUXILIARY

The Bay-Waveland chapter of the national association of Junior Auxiliaries held their monthly meeting Monday, Nov. 4, at Gulf National Bank Civic Room. Mrs. James Woodfin, president, welcomed the six new provisional members present; Mesdames Charles D'Agostino, Patrick Battle, Robert McDonald, James Ginn, Leo Seal and D. O. Trombley.

Special guest of the Auxiliary was Michael Haas with the Juvenile Youth Court who discussed with the women the possibility of spearheading a "Volunteers for Youth" program, aimed at helping county youths who are under the jurisdiction of the youth court. Haas expressed appreciation to the Junior Auxiliary for coordinating with him the use of Webb Community Center for the program.

Project Chairman Mrs. Edgar Santa Cruz reviewed plans for the chapter's upcoming finance project, "Santa's House", scheduled for the first weekend in December. Mrs. Santa Cruz also announced that the barbeque cook-out for the

elderly at Gulfview Haven had been a tremendous success. The Auxiliary will entertain patients at the County Home this month with a barbeque.

Other projects of the Auxiliary for the coming month include a Rhythm Band for the Special Education Classes at North Bay Elementary, Clothes Closet, a performance by the Air Force Choir, Christmas decorations for Harbour House, Safety Town and an art program for the Bay-Waveland public elementary schools.

The chapter also voted to pay for nurse care this month for a small child of a needy family.

### AUXILIARY 139

The American Legion Auxiliary Unit 139 will meet Nov. 10 at 8 p.m. at the Post Home on Blue Meadow Rd.

At this time, members are to bring their gifts for the Veterans Christmas Gift Shop.

Anyone who cannot attend the meeting but who would like to donate a gift is to contact Mrs. Beryl Murtagh, 467-7120.

**GETTING MARRIED?** Aunt Queenie (Sharon Anderson) reflects slight disbelief over the announcement of Shep (Bill Kulick) and Gillian (Holly Vegas) of their marriage plans. The action occurs in Coast Episcopal's presentation of **BELL, BOOK & CANDLE** Thursday, Friday and Saturday nights at the school.

## Bell, Book & Candle opens tonight at CEHS

The Coast Episcopal Drama Club will present the play, *Bell, Book & Candle*, by John van Druten, Thursday, Friday and Saturday night at Coast Episcopal High School Student Lounge on Esplanade Avenue in Pass Christian. Drama instructor William Holt, will direct with Miss Sharon Anderson handling student production of the comedy about a modern witch and her familiar cat, Pyewacket.

The play has a dual cast which will alternate roles on different nights. The CEHS production of the popular 50's stage and screen vehicle will be performed in the round.

Curtain time will be 8 p.m. on Thursday and Saturday. Friday night's presentation will be preceded by dinner at 6:30 p.m.

Prices for Thursday, November 6, and Saturday, November 8, are \$2.50 for adults and \$1.25 for students. Tickets for Friday, November 7, are \$5 for adults and \$3.50 for students (children \$2.50). Reservations may be made by calling the school at 452-2595.

## Student exchange programs available to area

Families in 23 countries in Europe, South America and the Far East are eager to welcome teenagers from the Miss. Gulf Coast area into their homes as part of the Youth for Understanding International Student Exchange program. "This is an excellent opportunity for high school students between the ages of 15-18 to experience life in another country," said Executive Director Philip Yasinski.

Youth for Understanding, headquartered in Ann Arbor, is planning to send over 1800 United States students overseas next June for a family living experience lasting a summer or a year.

"We offer students," said Yasinski, "a unique way to turn their ideas and ideals inside out for examination and re-examination."

"Students who have gone abroad on our program to Japan, Brazil, Switzerland, Germany and other countries have come back with new insight and attitudes. They have done a lot of growing and maturing in a few short months. While gaining new independence and maturity, they have met new and interesting people, visited historic places and have become familiar with another language."

Youth for Understanding is looking for high school students from the Gulf Coast area who are interested in participating on an intercultural exchange program. For more information, interested students are urged to contact: Bertha Giani, Pass Christian, Ms. 39571 or phone 255-1493.

The deadline for applications is April 1.

Youth for Understanding is a non-profit educational organization which cooperates with and receives an annual grant from the U.S. Department of State. Youth for Understanding is dedicated to fostering greater international understanding by making it possible for young people to have an overseas family living experience. Since its inception in 1951, the program has exchanged more than 50,000 U.S. and foreign students in 50 countries world wide.

## Altrusa award presented CEHS senior

Coast Episcopal High School senior Sharon Anderson was recently announced winner of the Altrusa Distinguished Youth Award. This award is made by the Bay-Waveland Altrusa Club to an outstanding female high school student in the area, and is chosen from candidates nominated by high school faculty members on the basis of "excellence in scholarship, leadership and character."

## OLA juniors plan Book Fair

Our Lady's Academy in Bay St. Louis will sponsor a student Book Fair Nov. 11-13 from 3 to 4 p.m. in the OLA gymnasium.

Profits from the Book Fair will be used for the school junior-senior prom.

The Book Fair is being sponsored by the OLA junior class through the Educational Reading Service who will furnish the books for the sale.

A spokesman said that all reading interests would be represented and books would be available in a wide variety of price range.

## Rehearsals underway for The Curious Savage

Rehearsals of the David Hubbard production of "The Curious Savage" at the Bay St. Louis Little Theatre are well underway.

The play, directed by Mary Carter, will be presented Nov. 20-22 at the Playhouse on Boardman Avenue, with curtain time at 8:15 p.m. each evening.

Starring in the title role of Ethel Savage is Francis Franciewicz, twice a Louie award winner for past performances in "The Velvet Glove" and "Everyone Loves Opal."

Supporting Mrs. Franciewicz will be other award winners Helen Trudell, (best actress, "Last of the Red Hot

Lovers") and Alice Holmes (technical director for "Last of the Red Hot Lovers").

Others with past theatre credits include: Gerald Gex ("You Can't Take It With You"), Linda Haas ("Any Wednesday"), and Lynn Phillips ("Last of the Red Hot Lovers").

Making their debut at the Little Theatre are Janet Busch, Marshall Henderson, Foster Dickard, Art McGrath and Jay Heitzmann.

John Holmes, Louie winner for his production of "Last of the Red Hot Lovers," is technical director of "The Curious Savage" with Vic Franciewicz and Billy Stechmann as his assistants.

## Coming Events

Terry Dill, Gulfport Social Security Office, will conduct a leader training on Social Security-Its Goals and Benefits, prior to the Hancock County Extension Homemakers Council meeting at 1 p.m. today in the Extension auditorium, Necaise Avenue.

All members are asked to attend.

Bay-Waveland Garden Club Executive board will meet at 2 p.m. Monday, Nov. 10, at the Garden Center.

Clermont Harbor Volunteer Fire Department Ladies Auxiliary will sponsor a turkey and ham dinner Saturday, Nov. 8, starting at 8 p.m. in St. Ann's Parish Hall, Lower Bay Road, Clermont Harbor. Donation will be \$2.50 per person.

Tickets are available at Ladner's Grocery, Clermont Harbor. The public is invited.

Bay-Waveland Garden Club will hold its monthly meeting at 2 p.m. Thursday November 13, at the Garden Center.

John H. Ginn, of Adams-Loraine Flower Shops, will demonstrate how natural, native materials with a few added accessories combine to make colorful, effective holiday door designs without use of energy consuming Christmas lighting.

All members are asked to attend.

## O.L.G. sponsors directory

To help promote identity, unity, and fellowship, Our Lady of the Gulf Church will sponsor a pictorial church directory including an alphabetical listing of each family in the parish, their address, and family picture.

### Friends of library

#### to hold flea market

Friends of the city-county library will conduct a flea market and book sale Saturday, Nov. 8 in front of the new library site next to Crosby Furniture on Highway 90.

Mrs. Fran Trombley, projects chairman, said around 1300 books would be placed on sale with proceeds going to purchase new books for the library. Books will be sold at 25 cents per inch of thickness.

Crafts exhibits, quilting, dollmaking and jewelry exhibits will be some of the other booths on location.

"Tallgating" will be allowed for a fee of \$2 a day, Mrs. Trombley said.

Donations are still being accepted for the white elephant market, she added.

According to James Thriffliey, public relations committee chairman and project coordinator, the portraits will be taken by Jeffrey's from Nov. 9 - 20. He said parishioners will be contacted this week for appointments.

Michael Haas, Parish Council president, said families will not be under any obligation to purchase copies of the picture, and added that each family that participates will receive a free copy of the directory.

## Make evaluations after harvest

Harvest is an ideal time to make field by field evaluations. Make maps of each field listing problem areas and their causes. The maps should contain special weed problems, drainage problems and other production problems that need follow up.

The follow up may include soil testing, fertilization, liming and tillage treatments. After the map is completed, you will have all winter long to make the necessary treatments for correcting the problems.

**FERMENTED COLOSTRUM**  
You can save money on your calf raising feed bill by feeding fermented colostrum (first milk after calving). Calves may be fed fresh or fermented colostrum from birth. It is generally recommended that they be given fresh colostrum the first two or three days, then switched to the fermented colostrum.

Develop a routine feeding system. Feed at the same time each day, gradually increasing the amount as the calf grows.

Start the calf eating grain as

soon as possible. Offer it grain immediately. A 20 percent crude protein calf starter is suggested.

As soon as the calf is consuming one and one-half pounds or more of the calf starter, ration it daily. In case the colostrum runs out before the calf is weaned, you may substitute whole milk or milk replacer.

Dilute the fermented colostrum with warm water at the rate of two pints of fermented colostrum to one pint water and feed the mixture at the rate of 10 percent of the calves' body weight. A 60-pound calf would receive four pints colostrum and two pints of water for a total of six pints.

This should be divided into two equal feedings daily.

**PRUSSIC ACID**  
Sorghum and sorghum-sudan hybrids can contain prussic acid when they have been stunted by drought, frosts, freezes or near freezing temperatures.

The forage is likely to be more dangerous when the plants are 15 to 18 inches tall. Be especially cautious when the plants are wilted immediately following frost or

freeze. After the plants are dead and thoroughly cured there is no danger when silage is made from the plants, provided the silage is not fed until completely preserved (three to four weeks).

**PERFORMANCE BULLS**  
The 7th annual sale of performance tested bulls of the Mississippi Beef Cattle Improvement Association will be held at the State Fairgrounds in Jackson, November 13.

About 27 purebred breeders have consigned 104 bulls of the Angus, Brangus, Charolais, Hereford, Polled Hereford and Santa Gertrudis breeds to the sale.

This set of bulls has the genetic potential to improve most beef cattle in Mississippi because they have been selected on performance records. They are well above average with many being right at the top on weight ratio within herd comparisons.

Now is a good time for Hancock County cattlemen to buy top performance tested bulls and upgrade the quality of their herds. The sale begins at noon.

## At St. Stanislaus

## Full calendar of events to mark homecoming

St. Stanislaus will hold its 1975 Homecoming on Friday and Saturday, November 7 and 8 with all alumni of St. Stanislaus invited to take part in the activities to be held on the campus of the school.

A pep rally will be held on Thursday evening. On Friday a cocktail party will be held for alumni in the student union from 5:30 - 7:00 P.M. The homecoming game, matching St. Stanislaus against East

Central, will start at 7:30 p.m. This year's homecoming queen is Miss Lynn Klein, daughter of Mr. and Mrs. Lee B. Klein of Clermont Harbor. Lynn is a junior at Our Lady's Academy in Bay St. Louis.

Lagarde, daughter of Mr. and Mrs. Frank Lagarde of Bay St. Louis and a sophomore at Our Lady's Academy; and Miss Denise Scafidi, daughter of Mr. and Mrs. O.J. Goss, Jr. of Long Beach and a junior at Long Beach High School.

The homecoming court will be introduced before the football game. The court will again be introduced at the homecoming dance Saturday night. The semi-formal homecoming dance will be held from 8 - 12 p.m. in the student union at St. Stanislaus and is open to all students and alumni of St. Stanislaus.

The homecoming court are as follows: Miss Toni Franckiewicz, daughter of Mr. and Mrs. V. S. Franckiewicz of Bay St. Louis and a junior at Our Lady's Academy; Miss Lis Lagarde, daughter of Mr. and Mrs. Lee B. Klein of Clermont Harbor and a sophomore at Our Lady's Academy; Miss Lis

## Pearl eager to protect

## number 2 ranking Saturday

POPLARVILLE - Pearl River Junior College will take on the Hinds Eagles at Raymond Saturday night to wrap-up the 1975 gridiron season.

The Wildcats will enter the game with a 6-2 ledger, good enough for sole possession of second place in the southern conference. Hinds on the other hand is posting a 3-3-2 ledger and is ranked fourth.

J. C. Arban, PRC head coach, had nothing but praise for his Wildcat-chargers as they easily handled the Southwest Bears by a 35-15 count last week in Summit. In fact he praised the '75 Cats for their performance for the year. "As a whole, I've had a real fine group to coach this year; they work hard and have the desire to be winners," Arban commented. "They have played with emotion and that makes anybody hard to beat."

"We have a lot of character on our team," Arban said, "and so many of them set examples and have leadership qualities." Rusty Cavataio, Poplarville; Tony Walker, Ville Platte, La.; Mike and Johnny Magee were singled out as having set great examples.

"Captains Walker and Ed Porter, Bay St. Louis; and Steve Moody, Petal; have really given our team en-

couragement in those tough situations," Arban said.

"But before we can sit back and savor our accomplishments this season, I'll expect one more sterling performance out of the '75 Wildcats," Arban quipped. Hinds is what the mentor had in mind, as the Cats travel to Raymond Saturday night to meet the Hinds Eagles.

The Eagles are similar to the Bears, the head coach mentioned; they have a very balanced club. A team with a lot of talented athletes.

"If we enter the game with the same mental attitude as last week we can win," Arban said, "but it will take a good effort on the part of everyone."

Leading the Eagle wishbone attack will be quarterbacks Tim Trusty and Gregg Tucker, who alternate at the signal caller's position. Also running backs Charles Stamps and Bill Loyacono will have to be handled at the line or they will hurt us," Arban said.

Arban cited Tony Walker, Tim Heldt and Andy Robichaux as top offensive players of the week, while Randy Anderson and Ricky Cuevas took the defensive honors.

Game time has been set for 7:30 p.m.

## Hamburger party

## honors Bay students

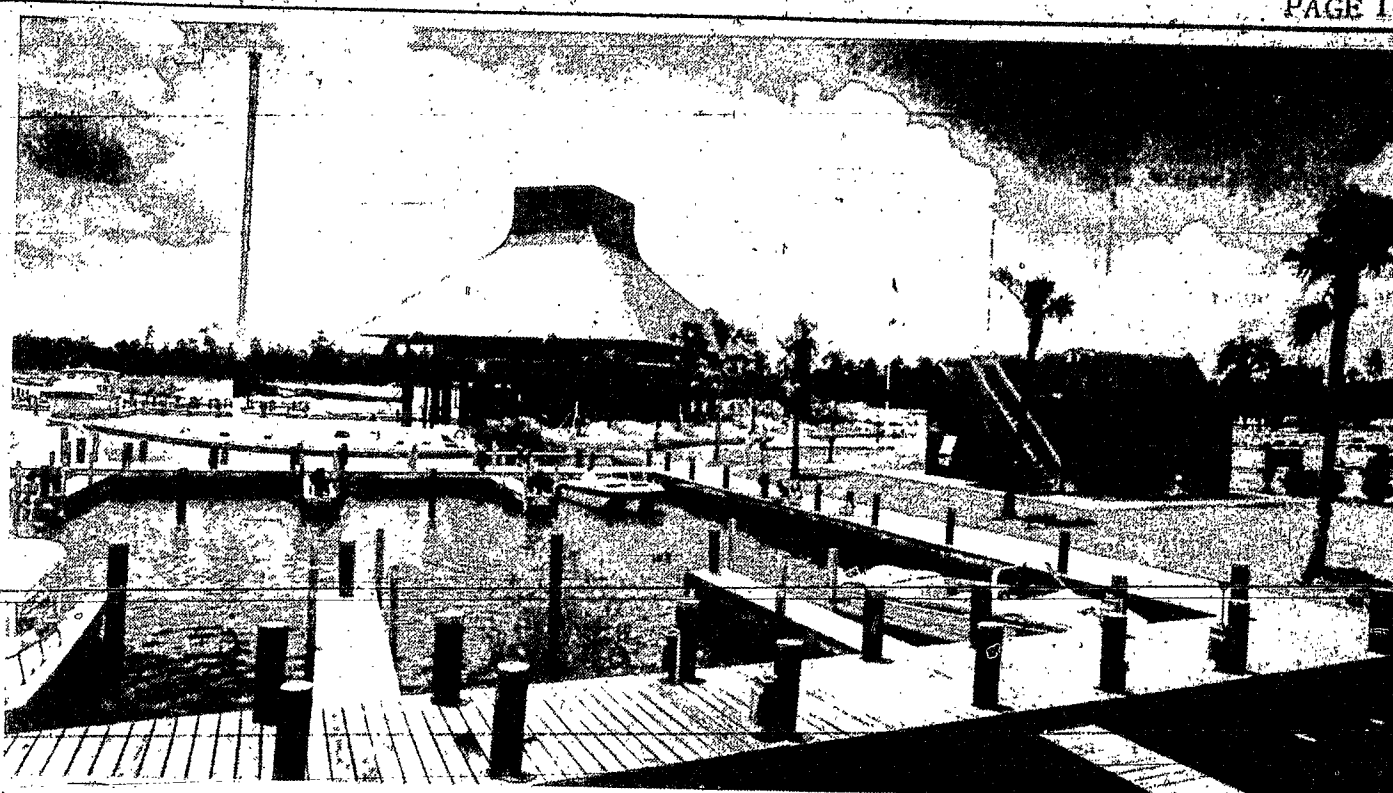

A hamburger party will be held Friday Nov. 7 in the school cafeteria for the Bay High School football team, Tiger Pride band, and cheerleaders following the game with Ocean Springs.

The party is being sponsored by the Hancock Board of Supervisors and the soon to be formed Tiger Parent-Teacher organization.

Anyone interested in participating should contact Jean Townsend at 467-3987.

## Diamondhead Boat Show

More than 50 in-water and out-of-water boats will be on display at the new Diamondhead Yacht Club and Marina for the first annual Diamondhead Boat Show, scheduled Nov. 8 - 9 from 10 a.m. - 7 p.m. Admission is free and the public is invited to attend.

## First annual Diamondhead Boat Show features 'in, out-of-water' displays

Diamondhead will hold its first annual Boat Show Nov. 8 - 9 from 10 a.m. - 7 p.m. at the new Diamondhead Yacht Club and Marina. Admission is free and the public is invited to attend.

Captain John Bargar, Diamondhead harbor master, said more than 15 boat dealers from Louisiana, Mississippi and Alabama will participate in arranging a "huge display" of more than 50 boats and boat accessories for the two-day event.

Bargar said the boat show

will feature both "in-water" and "out-of-water" exhibits, including the newest models of power boats, bass rigs, in-board and outboard fishing boats, ski boats, pontoon boats, yachts, sailboats and houseboats. Everyone attending the boat show will be able to register for two door prizes valued at \$600. The prizes include a Pearce-Simpson VHF radio and a Johnson's citizen's band radio. Drawing for the door prizes is scheduled Nov. 9 at 3 p.m.

Other events during the boat show will be an All-You-Can-Eat-Fish-Fry from 4 p.m. Nov. 8 with live entertainment beginning at 8 p.m. Admission to the fish fry will be \$4 for adults and \$2 for children.

## Earnings rise

Weekly earnings of full-time workers rose about 9 percent from May 1974 to May 1975, the U. S. Labor Department's Bureau of Labor Statistics reported. Because consumer prices rose by about the same percentage, the average purchasing power of full-time workers was unchanged over this period.

## Lavoi named animal warden

J.R. (Larry) Lavoi, has been appointed temporary animal warden for the City of Bay St. Louis.

The appointment followed an acceptance last week by city fathers of the Bay-Waveland Humane Society's proposals for operation of the animal shelter.

Lavoi said Tuesday he was in consultation with the city on a program of shelter refurbishment and enforcement of the leash, tag, and im-

poundment ordinances, as well as the individual articles of the general ordinance entitled "Animals."

## Bay Junior, Ocean Springs to decide conference

The Bay Junior High Tigers and Ocean Springs will play for the Gulf Coast Conference championship tonight at 7:30 p.m. in Tiger Stadium.

Both teams will enter the fray with perfect 5-0 conference records. In addition, Bay has won all of its non-conference games as well for a perfect 2-0 record.

Winner of the Thursday night game will receive the conference trophy following the game.

Coach Billy Rhodes said this week that defense had been the strength of the Tigers this season, allowing only 18 points in eight ball games while the offense scored a total of 164 points against opponents.

Rhodes said the Tiger defense would have its work cut out for them Thursday night against the hard running Ocean-Springs who have averaged 28.5 points per game in their last three outings.

The Junior Tigers successfully turned back a near upset last Thursday, keeping their perfect record intact with a 14-12 win over George County.

The game was a hard fought defensive game. Going into the game the Tigers had allowed only one team to penetrate into the Tiger goal line in seven previous outings, but late in the third quarter the Tigers found themselves trailing the Rebels 12-3.

Halfback Jimmy Layne got the Tigers back into the game with a 90-yard kickoff return. The first Tiger score came on an 8-yard run by fullback Mike Shiyu who also added the two point conversion. The id was set up by a 60-yard pass from QB Dwayne Lafontaine to end Sonny Palode.

Defensive standouts for the Tigers were Andy Buehler, Ted Everidge, Bruce Cain, Celseline Jarrett and Daniel Edwards.

## Pass Christian-Stone meet in Pickle Bowl rematch

The Pass Christian Pirates will war against the Stone County Tomcats in the 10th Annual Pickle Bowl, Friday, Nov. 21, in the A. L. May Memorial Stadium, on campus of Perkinson Junior College.

The game, sponsored by the Stone County Jaycees, will be played in memory of "Coach" Noel Smith, who before his death was perhaps the best known Stone County football supporter.

Present at "contract"

signing ceremonies Tuesday in Pass Christian were Horace Overby, principal, Bob Rogers, head coach, Larry Miller, coach, all Pass Christian High School; Leroy Lizana, George T. Watson, superintendent, and assistant superintendent respectively. Christian Public School System, Tom Matthews, secretary; James Ford, president; Lindley Dunn, internal vice president; Jimmy Rabby, treasurer; and Tom Buckley, all Stone County Jaycees.

### Pickle Bowl

Pickle Bowl signing underway in Pass Christian High School. Present at occasion include, seated, Leroy Lizana, superintendent, left, and Bob Rogers, head coach. Standing include, from left, George T. Watson, assistant superintendent; Larry Miller and Boyd Boyles, coaches; Horace Overby, principal; and Tom Matthews, Stone County Jaycees.

## Van Fol Mike scores come-from-behind

(Special to The Echo)  
PEARL RIVER, La.—Three Hancock County horses won races Sunday at Oak Downs and one of them was involved in the closest match of the day.

Van Fol Mike, owned and trained by James Watson of Bay St. Louis, returned to action after being idle for several weeks and nipped favored Tonto Golden Bars by coming from behind in the 300-yard eighth race.

Van Fol Mike was timed in 16.78 seconds while Tonto Golden Bars was clocked at 16.75.

Two horses owned by Lesil Dedeaux and trained by Larry Favre, both of Hancock County, were victorious. Lady Bars Leo beat Okie Leo in the 350-yard third, and Bam Bars romped past Sporty Joe in the 400-yard 13th.

With three top horses running, the ninth race promised to be a good one. It was. It produced a new meet record for 400 yards.

My Seco Boy, owned by Jerry McWilliams of Terry, Miss., ran a Class AA time of 20.82 seconds in winning the race over Toby's Topper (21.13) and Missy's Filly (21.55). Missy's Filly is owned and trained by W.J. Cameron of Bay St. Louis.

The previous record for 400 yards was 20.94 set Oct. 19 by Go Popper Go.

Sunday's results:

1) 440 yards, First Taga, 24.35 seconds, Dennis Dettwiller, owner; Delbert Cuevas, trainer; Steve Roubion, jockey. No Smoke, 25.40.
